

*A Tarot Card reading revolves around the belief that the Tarot Cards can be used to receive insight into the past, present and future. This form of Divination usually helps to answer simple Yes or No questions or to thoroughly look into any area of the Querents life.*

*Various forms of Divination have been practiced for thousands of years and Tarot is a reputable way of uniting Astrology, the Elements, Symbolism and Clairvoyance to best foresee what the Querent wishes to.*

### *Tarot Card Reading Options*

#### *The 12 Houses Astrological Spread*

*An in-depth reading that covers all areas of the Querents life including the karmas that the querent has brought into the present life cycle from the past. This spread can take up to 1.5 hours to complete and is the most thorough divination available.*

#### *Gypsy 9*

*This will give the Querent insight into the foundations, mentality and emotional facets that will play a pivotal role in the next 3 to 9 Month cycle*

### **A General Reading**

*Obtain prescience for this present moment and near future using a General Reading. This form of prediction works best when the Querent doesn't have any specific question or would like to receive insight to an area such as, Career, Health, Love and so forth*

*A General Reading picks up on what the querent should know rather than what the querent wants to know. Specific queries can be combined into this form of divination and is classified under an: "Extended General Reading"*

### **Twisted Fates**

*When you wish to make a decision and have more than one option, the Twisted Fates spread will provide guidance towards deciding what is the best-suited path for you*

### **A Delian Divination**

*This form of divination helps the querent interpret their dreams using the Tarot and symbolism. The complete dream does not need to be remembered; a few key points is enough to gain guidance related to it.*

*You can also use A Delian Divination to receive advice connected to your spiritual practice, how it is developing, the karmas as well as ways to work with current energies hidden and obvious*

### **The Three Times Divination**

*Here we investigate the messages of the Past, Present and Future. This style of Divination can be tailored to any area and is a popular choice*

### *The Confluence Spread*

*This reading provides guidance into the interaction between two or more entities and normally romantic partnerships or those of a practical nature*

### *Quick Insight Reading*

*Receive instant guidance for the immediate future and obtain a direct understanding of what needs to be considered. Various aspects can be looked into depending on the Querents requirements*

### *The One Question Reading*

*A frequent and versatile way to get straight to the heart of any question the Querent may have. It can be used to answer simple yes or no queries or to receive information and direction*

## *Rules prior and during a Tarot Card Reading*

- *You must take the time to generate the correct motivation prior a session because the mindset of the Querent plays a significant role in the advancement of a clear and vigorous reading. You can do so by following the instructions in this 2-minute video:  
<https://youtu.be/dJ6eqkBNFqk>*
- *It is very important that you have not had any intoxicants in the body for a minimum of 12 hours and to not have smoked for a minimum of 5 hours*
- *No telephones calls or interruptions can occur once the session commences in person*

- *If you wish for others to join the session in person, you must inform Tashi prior. Others can join only with the Querent and Tashi's permission*
- *Please do not take any photographs of an in-person session*
- *The entire exchange is strictly confidential so if the Querent wishes to discuss the reading with others it is at their own discretion*
- *You can receive a Reading face to face, over the phone, via Social Media platforms, WhatsApp, MP4 voice recordings or Email. This depends on your preference as well as Tashi's availability. The most popular method is via MP4 voice recordings. This is normally completed without the querent being physically present. Ensure to contact Tashi knowing that it could take up to 24 weeks for a session to be secured. Shorter Readings often take place instantly*
- *Once a not-in-person Reading has been secured with Tashi, please note that the process is not limited to linear time and therefore, we must trust that the Reading will take place when it is supposed to. This is how we surrender to Divine Timing and allow for the highest good to penetrate and benefit us all*
- *Should the querent be requiring an urgent reading this must be stated in the Subject Line when contacting Tashi. There is no guarantee that Tashi will be able to attend to the request, however, please make urgent needs known*
- *When connecting with Tashi or any TarotbyTashi platform, kindly make sure that you are connecting with Tashi Dos Santos and/or her Team*
